SUMMARY

M.S. Computer Science candidate with hands-on experience in Java, Advanced Java, Python, SQL, full-stack development, REST APIs, database-backed systems, and data transformation workflows. Skilled in building backend services, authentication flows, MVC applications, SQL pipelines, and responsive web platforms using JavaScript, Node.js, Express.js, React.js, MongoDB, PostgreSQL, and MySQL. Strong foundation in OOP, data structures, algorithms, Agile delivery, debugging, and scalable application development.

EDUCATION

Pace University, New York, NY

M.S., Computer Science | GPA: 3.60/4.00

Relevant Coursework: Data Structures & Algorithms, DBMS, OOP Java, Software Engineering, Machine Learning

Aug 2024 – May 2026

St. Francis Institute of Technology, Mumbai, India

B.E., Computer Engineering | CGPA: 3.10/4.00

Aug 2020 – May 2024

TECHNICAL SKILLS

Languages: Java, Advanced Java, Python, SQL, JavaScript, C++, PHP

Java & Backend: OOP, Collections, Exception Handling, JDBC, Servlets/JSP, REST APIs, MVC Architecture

Full Stack: React.js, Node.js, Express.js, JWT Authentication, Responsive Web Design, API Development

Databases: MySQL, PostgreSQL, MongoDB, SQLite, Schema Design, Indexing, Query Optimization, NoSQL

DevOps & Testing: Docker Fundamentals, Git, GitHub, Postman, CI/CD Fundamentals, Unit Testing Basics

Data & Analytics: Pandas, NumPy, scikit-learn, Power BI, Tableau, Data Cleaning, Feature Engineering

Practices: Algorithms, Data Structures, Agile, Debugging, Code Review, Requirements Analysis, Jira

EXPERIENCE

Data Analyst | Indkan World Wide Exim LLC

Sep 2025 – Dec 2025

- Designed Power BI dashboards for supply chain performance, trade compliance, and cost optimization metrics.
- Improved Python and SQL automation pipelines to support near real-time reporting and decision-making.
- Conducted predictive modeling and time-series forecasting for trade volume and resource planning.

Data Analyst Intern | Indkan World Wide Exim LLC

Jul 2025 – Sep 2025

- Conducted data cleaning, transformation, and exploratory data analysis on large trade datasets using Python and SQL.
- Built Power BI and Excel dashboards to track import and export KPIs.
- Automated reporting workflows using Python, Pandas, NumPy, and SQL, reducing manual effort by 40%.

Data Analyst Intern | Relite

Dec 2023 – Apr 2024

- Analyzed 50K+ data points using Python and statistical methods to identify trends, improve decision-making accuracy, and support business planning.
- Built automated reporting tools and reusable data cleaning workflows in Python, reducing manual data processing time and improving analytical consistency.

PROJECTS

Customer Churn Prediction Pipeline

Python, Pandas, Scikit-learn, EDA, ROC-AUC

- Built an ML pipeline with data cleaning, feature engineering, and evaluation (precision, recall, F1, ROC-AUC) to flag likely churners.

SmartSales360: E-Commerce Analytics

SQL, Python, Power BI, RFM, Forecasting

- Built an end-to-end analytics workflow using SQL, Python, RFM segmentation, and forecasting to surface revenue, churn, and operational KPIs.

Electric Vehicle Market Analysis Dashboard

Power BI, Tableau, Python, KPI Design

- Built an interactive Power BI/Tableau dashboard covering EV adoption trends, BEV/PHEV split, and state-wise distribution.

PlaceEase: Centralized Job Placement Platform

MERN Stack, REST APIs, SQL

- Built a placement platform serving 500+ users and 30 employers, improving placement efficiency by 15% through centralized workflows.

Green Paddle: Bicycle Rental Website

PHP, MySQL, HTML5, CSS3, JavaScript

- Built an online cycle rental platform for 290+ monthly users, boosting site traffic 40% via improved booking flow and inventory design.

Strong Password Generator

Python, Security, Randomization, Hashing

- Built a customizable password generator using secure randomization logic, improving password strength effectiveness by 40%.

Air Mouse: Gesture-Controlled Interface

Python, OpenCV, Computer Vision

- Designed a real-time, gesture-controlled mouse system tested with 250+ users to improve interaction accuracy and responsiveness.

LEADERSHIP & CERTIFICATIONS

Marketing Lead | IIC | St. Francis Institute of Technology

Nov 2021 – Apr 2022

- Coordinated PRAGATI 2023 and UNNATI 2022 for 350+ attendees; managed 80 members and increased participation by 35% while aligning communication strategy across three branches.

Certifications: Java Programming Certification | Walmart USA Advanced Software Engineering Job Simulation | British Airways Data Science Job Simulation | Vista Equity Partners AI in Action Job Simulation
